

Silverline Stira S Hand chain hoist

Capacity 500 - 5000 kg

The hand chain run is just as smooth as on the models Yalelift 360 and VSIII, but the Silverline Stira S series is a low-priced alternative to the high-quality units.

Features

- Strong bolts between side plates and housing cover ensure increased stability.
- Chain guide rollers eliminate fouling and jamming of chain.
- The design prevents the hand chain from jamming and jumping off.
- Bearings for side plates permit a long service life.
- Zinc-plated load chain as standard.
- Forged suspension and load hooks are made from high tensile steel and fitted with safety latches.

INFO

Yale hoists and trolleys are not designed for passenger elevation applications and must not be used for this purpose.
