

**MR
Multi-rail grab**

Capacity 5000 - 12000 kg

The multiple rail grab with fixed adapter for one rail type is used wherever rails are loaded using a crane and lifting gear, e.g. in ports, steelworks, on the road and in storage yards.

They are used in pairs.

Technical data MR

Model	Art.-No.	Capacity kg	Number of rails	Weight kg
MR 3	–	5000	3	84
MR 4	–	5000	4	108
MR 5	–	5000	5	132
MR 6	–	6000	6	156
MR 7	–	7000	7	180
MR 8	–	8000	8	204
MR 10	–	10000	10	252
MR 12	–	12000	12	300

**MRC
Multi-rail grab**

Capacity 5000 - 7000 kg

The multiple rail grab with interchangeable adapter for different rail types is used wherever rails are loaded by crane and lifting gear, e.g. in ports, steelworks, on the road and in storage yards.

They are used in pairs.
